### Technical specification

Hydraulic Twin Presses suitable for pressing of books, brochures, posters, pictures, etc.

- the pressing operation of the pressure plates is controlled by hand levers.

As soon as the desired pressure is reached, the hydraulic pump will stop automatically, and the pressure is kept on constant level. The pressure plates can be operated either single or together, and they can be stopped in any position.

- size of 2 pressure plates : 440x320 mm
- hydraulic pressure adjustable via a clamp - max. : 5.000 kg
- max. working height : 390 mm
